Some Storekeepers

think the only way to in-
crease profits is to increase
gross sales. Some try to do
it by cutting down running
expenses.

We can show you a store
system that will give you a
greater profit this year on the
same amount of business as
you did last year. We can show you another
system that will increase
both your gross sales and
percentage of profit. Call

ELEVEN PRISONERS
ARE ARRAIGNEDAll Were Arrested On
Indictments By
Grand Jury

The eleven men indicted by the
Grand Jury have all been arrested on
bench warrants, and the indictments
have all been taken from the secret
file. The prisoners were all arraigned
before Judge Robinson this morning.

Lee Let, who is indicted for bribing
Chief of Detectives A. P. Taylor, re-
served his plea until March 29.

James Guerra and C. Ahno, the two
sailors who are under indictment for
attempting to burn the ship Claver-
don, entered different pleas. Guerra,
the Frenchman, entered a plea of guilty,
with the reservation that he be al-
lowed to withdraw it if, after consulta-
tion with the counsel appointed by
the court, it seemed advisable. Ahno
entered a plea of not guilty. The ar-
raignment of these two men necessitated
the appointment of special inter-
preters, their being no French or Ger-
man interpreter attached to the court.

There are two indictments for em-
bezzlement. Lee Yun Kwai is charged
with having taken with \$600 em-
bezzled by Lee Chun Shee. He re-
served his plea until Monday. Pan-
luis Danson Kelleys, Jr., is indicted on
the charge of having feloniously taken
\$2344 belonging rightfully to his ward,
Kan Yee.

Kulche Moramura, the Japanese who
is charged with having killed a fellow
countryman named Masagi Numata at
Ewa on January 1, is indicted for man-
slaughter. He entered a plea of not
guilty.

The charge against E. Parker is that
he assaulted Herbert Huihins with a
dangerous weapon, namely a pistol,
on January 11. His plea was not
guilty.

Ab Poi, the Chinese arrested for the
burglary of George Hoffman's jewelry
store and the theft of \$583 worth of
jewelry, entered a plea of not guilty to
the charge of larceny.

Antone Foster is indicted on the
charge of having had sexual inter-
course with a female under 14 years
old. He reserved his plea until Mon-
day.

J. J. Moreh, well known in social
circles of 1911, pleaded not guilty to
the charge of vagrancy which the
Grand Jury placed against him, and
Martin Figueroa, who is just about as
favorably known as Moreh, reserved
his plea to the charge of vagrancy un-
til next Monday.

Much hard work was done in get-
ting the House conferees to agree to
the Senate amendments on the for-
tification bill.

The House Committee has heretofore
insisted on keeping the total for insular
fortifications in a lump sum, and it
is hoped this separation of the item
for Hawaiian coast batteries may
serve as a precedent for entire separa-
tion hereafter. It is understood that
at least \$100,000 of the lump sum for
seacoast cannon in the insular posses-
sions will be devoted to Hawaii.

The tremendous influence of Chair-
man Burton in all River and Harbor
matters has again been proven in the
conference on that bill. After passing
that great bill through the House
without permitting a single amend-
ment to be placed upon it the disap-
pointed interests had over nine mil-
lion dollars added to the bill in the
Senate; but so great was Mr. Burton's
influence that this increase was cut
down to about two and a half mil-
lions.

Not only was this the case, but the
Senate conferees made a unanimous
conference report, which was adopted
without debate, so that the filibuster
which has already been organized to
talk the bill to death in the Senate was
completely defeated.

Hawaii has also fared well in the
new general legislation of this ses-
sion. The new immigration law not
only places Hawaii in a peculiarly fa-
vored position as regards certain im-
migrants but also exempts us from the

FRENCH STEAMER IS
FINED \$3290.
BY INSPECTOR BROWN

Captain Falsome of the French
steamer Amiral Fourcheu will prob-
ably be more careful in making out
his manifests in the future. As the
result of his carelessness, which has
occurred for the second time in this
port, he has been fined the sum of
\$19 for 229 separate offenses, a to-
tal of \$3290.

When he was here before he was
warned by Inspector of Immigration
Brown that he must be more careful,
but without result; and on the present
trip his manifest did not show the
actual facts as they existed in re-
gard to the immigrants. The law
provides a fine of \$10 for each of-
fense of this kind and finding that
there was no other way in which the
French officer could be made to look
after his duties properly, the fine
was inflicted, and the vessel will re-
main in port till it is paid.

LAND FOR THE
MID-PACIFIC COLLEGE

The old Kidwell estate, compris-
ing about 37 acres of land, was pur-
chased yesterday by the Hawaiian
Board. It inaugurates the first move
toward the development of higher
learning.

Upon this lately acquired property
the Mid-Pacific Institute will be lo-
cated. The institute will be a con-
solidation of Mills Institute, Kawai-
ahao Seminary and the Japanese
Boarding School.

The location chosen by the Board
is an ideal one and within easy reach
of the street-cars.

There will be two sections to the
institution, one for girls and one for
boys. A special feature of this tem-
ple of learning is that its character
will be interdenominational. There
will be departments where the hand
will be trained as well as the head.

This institution is one of the most
promising features of Hawaii's fu-
ture.

THE GIRL AND THE BEE.

A Story of the Ignorance of a City
Girl.

The city girl coming down to break-
fast at the farm house and observing a
plate of honey on the table said, "Oh, I
see you keep a bee."

That's about the way some people
talk about the blight of badness—just
as if a bad deed was something one
got all at once instead of being the
result of long depletion by an insidious
germ which thrives upon the roots of
the hair and succumbs to only one
known remedy, Newbro's Herpicide.

Newbro's Herpicide is not a tonic
any more than electricity is a fluid. It
is an exterminator, pure and simple.
"Destroy the cause you remove the
effect."

Sold by leading druggists. Send 10c
in stamps for sample to The Herpicide
Co., Detroit, Mich. Hollister Drug Co.,

Committee; Senators Perkins, Piles,

Invitations have been issued on the
same basis as those given to the Taft
party, viz: That transportation is
furnished to members only, and that
entertainment will be provided for
both members and their wives while
they are in the islands. It seems like-
ly that about one-third of the mem-
bers will bring their wives with them.

I have already opened negotiations
with the trunk lines for party rates,
which will be quoted today. A special
car will also be provided from Chicago
to the Coast.

Mr. McClellan will remain in Wash-
ington to conduct the correspondence
and to complete arrangements for the
party on my behalf and accompany
the party to Honolulu.

After having secured the amendment
permitting Congressmen to travel on
the transports, we are met with the
fact that the heavy movement of troops
to the Philippines this summer will
leave no space available on the regular
transports. I therefore enlisted the
help of Mr. Hepburn and Mr. Burton,
who joined with me in a request to
Secretary Taft for a special transport
to bring the party down as that would
enable us to invite additional mem-
bers who have important committee as-
signments, the results of which I ex-
pect to hear by cable from Mr. McClel-
lan on my arrival.

The fight for the ship subsidy bill
was the fiercest of the entire session,
but although all the influence of the
administration and the shipping inter-
ests was brought to bear on Congress,
it was not possible to pass the meas-
ure.
